Thank you for purchasing!

License

Purchasing of this asset allows you to use the music pack for any application or game you develop within Unity3D, with one exception. You cannot resell this pack in whole or in part to other developers.

For listening to samples online: https://soundcloud.com/kermed/sets/rpg-puzzle-game-music-pack

For support: support@filearchivehaven.com

Demo

Included is a demo scene and music controller script for you to use as you see fit.

Loading this scene will let you access the music from the uGUI menu using the MusicController script.
